Minx, Owned by Howard Willets, Wins From the 30 Footers, With Cara Mia Second -Rascal II. Defeats the Raceabouts-More Trouble, in Good Luck.

Forty-five boats started in the fifth of the races of Larchmont yesterday. It was the first day that there had not been a good sailing breeze and the wind was pairry and baffling It was one of those days that puzzle a yachtsman because the wind is not true and it means hard work to watch for the shifts and make the changes to meet

The start was postponed because there was no wind, but about noon a light air from the south southeast encouraged the regatta committee and the courses were signaled. The yachts were to go to the east first. The motors were sent off at 12:10 and the wind so footers were sent off at 12:10 and the wind was so light then that those not near the fine when the preparatory signal was made were badly left. They crossed the line well strung out. W. D. Lawton's Banzai was first away. out. W. D. Lawton's Banzai was first away.
Mr. Lawton had stuck near the line and
benefited by hs forethought. Neola II.
was next, followed by Minx, Cara Mia, Ibis,
oriole, Pintail, Dahinda, Alera, Atair, Adelaide II. and Maid of Meudon.
They sailed slowly along, reaching toward

the first mark, and then the wind shifted to the southwest and came in stronger. This gave the boats a beat on the second leg and they scattered all over the Sound. Each yachtsman was trying to follow what he hought was the best streak of air, and in doing this severa, were left. The third leg was with spinnakers, and as it was getting late in the afternoon the committee stopped the contest at the end of the first round. The Minx, owned Howard Willets, won the race. This is the second victory for the Minx this season She beat the Cara Mia just one minute. Next to the Cara Mia was the Alera, 1 minute 21 seconds behind, and 10 seconds astern of the Alera was the Neola. Three of the starters did not finish, but gave up the race when their owners found that they were hopelessly

Eleven started in the raceabout class. These boats manged to get twice around a triangle of 5¼ miles. The Nora led at the start, followed by Mystral, Tartan, Busy Bee and Rascal II. The Rascal II. gradually worked off to the front, being sailed with good judgment, and won the race. She beat the Cricket by 2 minutes 55 seconds and the Rana by 8 minutes 28 seconds. The Tartan, the boat that has won so many races in this class this season, was beaten again, but it was more by ill luck than anything else.

was more by ill luck than anything else.

In Class Q, for 22 footers, the More Trouble was more by ill luck than anything else.

In Class Q, for 22 footers, the More Trouble won a race that should have gone to the Oligwan. The Oligwan got away first, led at the end of the first round and was doing well on the second round when she ran into a flat spot. The More Trouble carried a little breeze along with her right up to the weather mark and then ran home a winner. These boats were to have gone to Gravesend Bay to race to-day, but they have decided to sail once more at Larchmont.

The Rascal beat the Thelema in the 27 foot class. The Houri won in the Larchmont 21 foot class from the Vaquero. Dorothy and Folette. This was the closest race of the day, as all four of the boats stuck well to each other. The Kenoshi beat the Wa Wa in the Indian Harbor knockabout class. The Ace was again a winner in the 18 foot class. The Fritter beat the Fannie and the Dod beat the Pyogha.

Race week will end to-day with an open regatta for all classes. The last of the series races will be sailed, and as some of the boats are very close together in the score of points these races will be hotly contested. The summaries:

MANCHESTER AGAIN WINS. One More Victory Will Bring Seawanhaka Cup Back to United States.

MONTREAL, Que., July 21 .- It looks very much as if the Seawanhaka international cup for small yachts, which was won from the Americans by i. Herrick Duggan at Oyster Bay in 1894, and which for ten successive years has been successfully defended by the Canadians, might be taken back to the States this year.

The American challenger, Manchester, owned by the Manchester, Mass., Yacht Club, to-day won the second wee of the series, outsaining the (anadian defender Alexandra, of the Royal St. Lawrence Yacht Club, and of the Royal St. Lawrence Yacht Club, and crossing the finishing line nearly three minutes before he defender.

ssing the finishing line nearly three minutes of the defender.
O-day's race, which was sailed in a fifteen e breeze, was over a triangular course of r miles sailed three times over, or a total lance of tweive miles. The challenger, as yesterday's race drew away from the deder from the start and on the windward gained perceptibly and turned the official by hearly a minute in the lead. From this the finish the race was never in doubt, a Manchester showed herself much superior beating to windward and also sailed well the other legs of the course. The elapsed the of the Manchester was 1 hour 32 minutes seconds. She won by 2 minutes 52 sec-

To-morrow's race will be a beat to wind-ward and return, the same as on the first day. The American boat has now won two races, and if she wins to-morrow the cup will go ack to the company of the cup will go

at Seabright.

LABORERS FOR CANAL WORK. Commission Asks for Bids for 2,000 Each of Japs, Italians and Chinese.

WASHINGTON, July 21.-The Isthmian Canal Commission has advertised for bids for the furnishing of 6,000 laborers for work on the canal. Two thousand of these are to be Italians, 2,000 Japanese, and the remaining 2,000 Chinese. The bids will be opened here on Aug. 15. The specifications provide for bidding on two points, the cost per man of each laborer when he lands on the Isthmus and the wage the Government must pay to each individual laborer. The contractor must have the laborers on the Isthmus by Dec. 1 next.

Every effort will be made by the Canal Commission to avoid the procurement of laborers who might be taken involuntarily to the Canal Zone. The contractors will merely procure the laborers and deliver them to the Canal Commission on the Isthmus. As soon as the workmen reach Colon or Panama they will pass out of the hands of the contractor entirely and will be under the sole jurisdiction of the Government. The commission will have direct charge of them and will pay the wages directly to them. All the rights of American laborers on the Isthmus or the negroes from the West Indies will be accorded them.

It was announced at the offices of administration of the Isthmian Canal Commission to-day that a decision had been reached to deal directly with newspapers when the commission advertises. It was at first planned to do the work through advertising agencies, but after investigation it was deemed better to pursue the present course. Commission to avoid the procurement of

MINISTER CLAY'S COMPLAINT. Says the French Ambassador at Berr Failed to Return His Call.

WASHINGTON, July 21.-Brutus J. Clay of Kentucky, appointed recently as United States Minister to Switzerland, has made complaint to the State Department against M. Rainiro, the French Ambassador at M. Rainiro, the French Ambassador at Bern, who failed to return the call made upon him by Mr. Clay soon after his arrival at Bern early this month. The State Department was informed some days ago of the affair and instructed Mr. Clay to lay the matter before Robert S. McCormick, the United States Ambassador at Paris, who would take it up with the French Government. It was stated authoritatively to-day, however, that the whole thing appeared to be the result of a misunderstanding and would be settled speedily and amicably.

PLANS FILED FOR \$3,042,000 WORTH OF NEW TENEMENTS. Unusual Activity in the Congested Resi-

dence Districts Is Reflected by the Building Bureau's Records, as Well as by the Brokerage Reports. Yesterday's trading, while confined

argely to flats and tenements, was widely distributed and notably active for this eason of the year. It affected practically season of the year. It affected practically all of the thickly populated residence section in Manhattan and The Bronx. The excellent demand for low and middle grade multifamily houses which was apparent in the brokerage news was reflected also in the reports from the Building Department. Plans were filed for sixty-three flats and tenements, calling for an expenditure of \$3.042.00. penditure of \$3,042,000.

The amount of construction work under

The amount of construction work under way is very large, but many of the houses have already been sold in advance of completion, enabling the builders to project new operations. A large proportion of the work for which plans were filed yesterday concerns the district in upper Harlem adjacent to the easterly branch of the subway.

In the auction room business was practically at a standstill. The absence of activity there, however, is an indication of strength rather than weakness. With rents and fee values rising and with a ready sale for new houses, landlords and specu-

rents and fee values rising and with a ready sale for new hotses, landlords and speculative builders have no difficulty in meeting payments on or securing extensions of mortgages, and forced sales have never been fewer than they are just now.

The New York, Westchester and Boston Railway Company took title yesterday to three and a half acres on the west side of Eastchester road, adjoining the lands of the Bronx Realty Company and the John Stickney property. The stated consideration was nominal. It is understood that the tract will be used as a site for a terminal.
